Job Summary

This position is responsible for initiating, planning and developing the chaplaincy program for comprehensive pastoral care to enhance the quality of life of the patient and their family.

Responsibilities

- Visits patients and their families identified as appropriate for chaplaincy services and provides direct spiritual counsel and support as appropriate.
- Maintains current documentation in patient record of services provided and contacts made.
- Assists members of the Interdisciplinary Care Team to understand the significant spiritual concerns related to the patient/family response to terminal illness, loss and bereavement. Participates in developing the interdisciplinary care plan both as a consultant and as a provider of direct services.
- Participates in PRN status assisting with staffing during staff vacations and increased patient census.

Qualifications

- Education
 - Graduate of an accredited seminary or school of theology or equivalent combination of education and experience. Prefer one year or one unit of Clinical Pastoral Education.
- Experience
 - Prefer five years of pastoral experience.
- Licensure
 - Must possess a valid driver's license, current auto insurance, and reliable transportation.
